

# Case Study

July 2013 - Issue 10

Location	<b>Spectrum Leisure and Community Centre</b>
Cubicle System	<b>Cairngorm™</b>
Manufacturer	<b>Cubicle Centre</b>
Website	<b><a href="http://www.washroomcubicles.co.uk">www.washroomcubicles.co.uk</a></b>

**Spectrum Leisure & Community Centre is run by the charity SLAM CDT.**

**Since taking over the centre in 2007 they have been dedicated to improving the services and facilities for the local community.**

These improvements include three new gyms, the reception area, a BMX track, function room, cafe and most recently the changing rooms.

Cubicle Centre washroom panel products were chosen for the refurbishment project. The woman's changing room included three shower cubicles and four toilet cubicles (with baby changing area), and the men's area had two toilet cubicles.

ABET colours Fuschia and Yellow Pop were used for the doors with Graphite Grey partitions chosen to compliment the centre's other new modern facilities. Due to the high volume usage of the washrooms, the Cairngorm cubicle system was chosen for its' waterproof and vandal resistant qualities.

*"We have had some great feedback from our members about the new changing rooms and toilets. Here at Spectrum we pride ourselves on providing the best facilities and environment for the local community and the new washrooms now meet this standard."*

Dan Boulton, Centre Manager
