Cubicle System	<b>Cairngorm - Compact Grade Laminate</b>
Manufacturer	<b>Cubicle Centre</b>
Website	<b><a href="http://www.washroomcubicles.co.uk">www.washroomcubicles.co.uk</a></b>

**September 2011 saw the completion of an additional school facility at Headfield CE Junior School.**

The £7 million project for Kirklees Council was carried out by Bramall Construction and provides the school with a new, central learning environment that connects to existing buildings.

As the chosen washroom manufacturer, Cubicle Centre supplied all thirty-six cubicles required to furnish the toilet areas throughout the new school building.

Matching wall panel systems and vanity unit kits were also manufactured and supplied by Cubicle Centre.

The high performance, Cairngorm cubicle system was selected for Headfield's school washrooms - manufactured from waterproof and vandal resistant Compact Grade Laminate (CGL) panels, and supplied with extra heavy-duty fittings.

Maintaining a high standard of hygiene is a key element to consider when specifying school washrooms. CGL is therefore the preferred material of choice as these panels can be easily washed down, keeping the toilets clean for pupils.
