

Case Study

Location	Stamford Endowed Schools
Cubicle System	Privacy
Manufacturer	Cubicle Centre
Website	www.washroomcubicles.co.uk

Stamford Endowed Schools, when refurbishing their toilet facilities chose Cubicle Centre as their preferred supplier for improving and upgrading their facilities both for their new sports facilities and for their gender neutral toilets facilities in the main school buildings.

Having previously extensively specified our Malvern Plus range, the refurbishment saw all new facilities being fitted out with our Privacy range of cubicles in various colour schemes depending on the area. For the Girls' changing rooms in the new sports facilities, four separate changing rooms were specified with different bright colour schemes: blue, red, green and yellow with the main toilet facilities being a more sedate aesthetic.

Cubicle Centre is a leading manufacturer of washroom panel products in the UK.

An extensive range of toilet cubicles and washroom systems are available on a manufacture and supply basis - all designed to allow for simple installation by any competent tradesperson.

“

“...As a facilities manager for a busy school, I am always searching for durable and practical solutions to maintain hygienic and functional facilities for our students. One crucial element of this is ensuring that the toilets and washrooms are well-equipped and equipped with high-quality cubicles. After years of trialling different options, I can confidently say that our toilet cubicles from Cubicle Centre have been a game-changer...”

”
