Design Plus Packaging is the country's leading specialist in the filling and packaging of sachets, bottles and tubes. Over 60 staff work from their purpose built 34,000 sq ft facility in Lancashire.

Design Plus recently improved the working environment for their staff by refurbishing their facilities. The brief was for Cubicle Centre to provide a clean, professional washroom environment. Full height Privacy cubicles in Polyrey colours, Banian Bianchi and Banian Noirci achieved this.

The full height Privacy system offers functionality combined with durability. Manufactured from CGL (Compact Grade

Laminate) the cubicles are impervious to water and easy to clean. Also a wide selection of colour choices makes Privacy ideal for modern commercial washrooms.

Cubicle Centre is a leading manufacturer of washroom panel products in the UK.

An extensive range of toilet cubicles and washroom systems are available on a manufacture and supply basis.
