

Case Study

June 2016 - Issue 17

Location	Beverley Race Course
Cubicle System	Cairngorm™ - Anti-Vandal Cubicles
Manufacturer	Cubicle Centre
Website	www.washroomcubicles.co.uk

Beverley Race Course has been part of the historic market town for over 300 years. The Jockey Club was founded in 1752 and the first grandstand was built in 1767.

The race course has been continuously modernised over the last five decades to offer racegoers top quality racing with excellent facilities.

In 2016, development included the refurbishment of a new restaurant with new washroom facilities for the jockeys. The washrooms included

showers, toilets, vanity units and urinals in three different rooms.

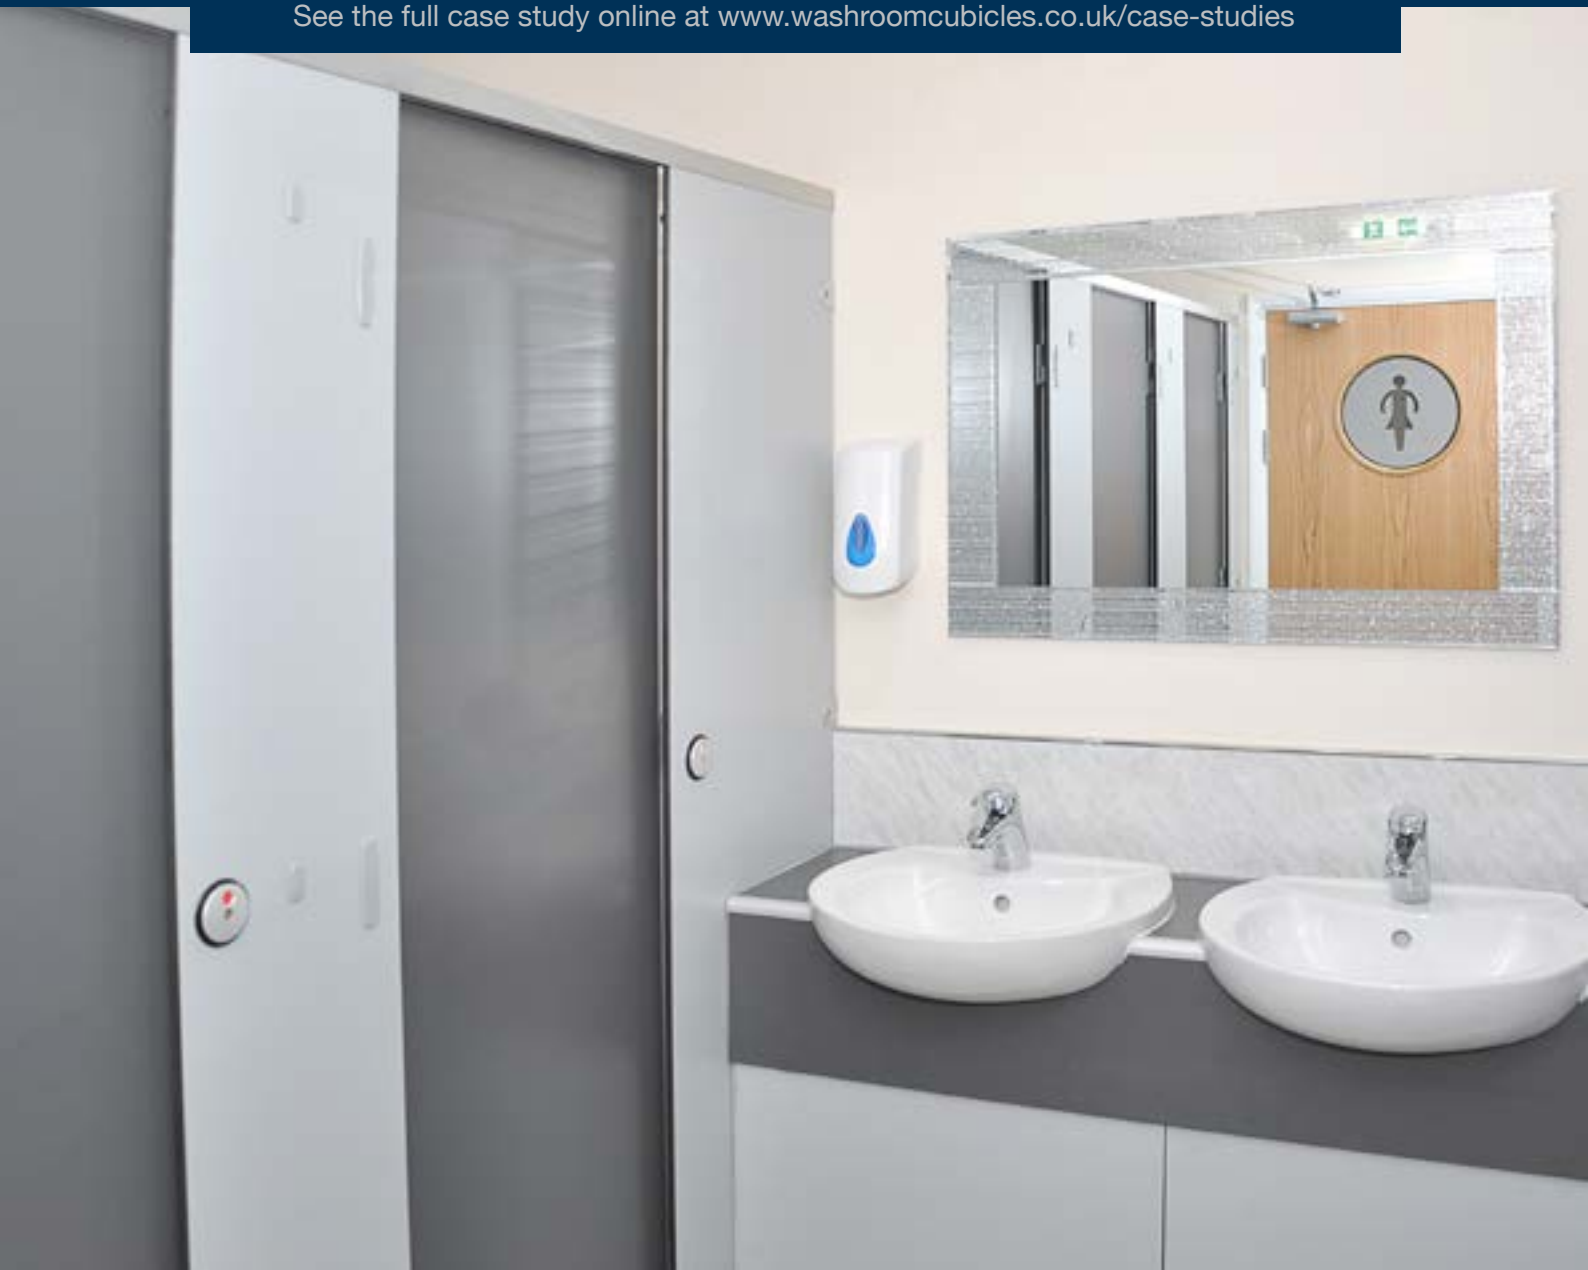

Cairngorm cubicles were selected for their durability and style. Constructed of Compact Grade Laminate (CGL) panels and heavy duty fittings, these cubicles are built to last. The cubicles have Light Grey pilasters with Stone Grey doors so they match the clean, simple style of building.
