**Croft Race Circuit recently invested in a new washroom block. Cubicle Centre supplied the toilet and shower cubicles.**

After more than twenty years of running, Croft now provide facilities for both clubs and individuals to race. They also own a fleet of supercars.

The previous washrooms were a block of portacabins which were very run down.

Since installing this new washroom, Croft Race Circuit have seen a large interest in their facilities.

They currently have more clubs requesting to join than they have space for.

“The new washrooms are fantastic, excellent quality. Since the installation, the interest in our facilities has been incredible, we are actually having to turn people away.”
