

Case Study

August 2017 - Issue 22

Location	Little Deer Woods
Cubicle System	Cairngorm® - Anti-Vandal Cubicles
Manufacturer	Cubicle Centre
Website	www.washroomcubicles.co.uk

Little Deer Wood provide a wide range of land and water based activities to people with sensory, learning or physical disabilities. It provides climbing, canoeing, archery and recently opened Yorkshire's first low ropes course for wheelchair users.

The centre is run by the Kirklees Duke of Edinburgh Trust and is located in woodland next to Shepley Marina in Mirfield, West Yorkshire.

Cubicle Centre donated shower and toilet cubicles, Trevi Panel walling and bench seating to this worthwhile cause. The new washroom block was fitted with a male and female rooms which included two shower and toilet cubicles along with Trevi Panel on the interior walls and bench seating.

"The new washroom block has opened up opportunities for us to have more volunteers and children camp onsite.

Before we had to pack everyone onto a mini bus and drive 10 miles down the road to use the showers at a local club house. This could take 2 hours or more.

Now we have amazing facilities that make it easier for us to provide wonderful outdoor experiences for our visitors.

During my visit of the factory, I could not believe how helpful and friendly all the guys in the factory were. It shows the great attitude throughout the company."

- Denise Bedford
Manager at Kirklees Duke of Edinburgh Trust
