

Case Study

February 2012 - Issue 5

Location **St. Peter's School, York**
Cubicle System **Cairngorm Cubicles & Bench Seating**
Manufacturer **Cubicle Centre**
Website **www.washroomcubicles.co.uk**

Situated on the banks of the Ouse within sight of the Minster, St. Peter's York is a co-educational day and boarding school with around 550 pupils aged 13-18.

With a goal to refurbish several toilet and shower areas, Cubicle Centre were contacted to carry out a site visit to help with design issues and take measurements.

Manufactured from waterproof and vandal resistant Compact Grade Laminate, Cairngorm cubicles were put forward as the perfect product for the task at hand. The Cairngorm cubicle system is suited for areas of high volume usage and designed to stand the test of time.

Cubicle Centre manufactured the whole St. Peter's School job within the standard 10 working days enabling deadlines to be met with time to spare.

Schools looking to refurbish washrooms during the busy school holiday period are advised to place their order several weeks beforehand as lead times may increase.

If your school is planning new washroom or changing room areas why not give Cubicle Centre a call for design advice at the start of the project.
