

Case Study

November 2012 - Issue 9

Location	Reading Football Club - Madejski Stadium
Cubicle System	Malvern Plus and Cotswold
Manufacturer	Cubicle Centre
Website	www.washroomcubicles.co.uk

Madejski Stadium was opened in August 1998 at a total cost of more than £50m. The stadium is home to Premier League side Reading Football Club and London Irish Rugby Club, boasting a capacity of over 24,000.

The magnificent playing arena has won high praise from sports fans all around the world, and has been named Europe's Best Mid-Sized Arena by American TV Sports Channel ESPN.

Cubicle Centre supplied the cubicles for the luxury executive floor. The project was managed by Leon Cox at Thornbridge with the installation work being completed by Lancaster Plumbing & Heating (Medway).

The men's washroom consisted of the Malvern Plus range in Speckled Anthracite for a elegant finish. Three enclosed cubicles were accompanied by ten urinal panel systems along with matching vanity units.

The women's executive washroom used the Cotswold range for its style and durability. The nine enclosed cubicles have Compact Grade Laminate (CGL) doors in an Oak finish with Cream partitions.
