Notts County Football Club  
Product: Malvern Plus

#### MFC Toilet Cubicles

Door Colour: Egger U999 Black  
Panel Colour: Egger W980 White

Notts County holds the title of the world's oldest professional football club and although the bathrooms weren't as old as that... when the club came to upgrade the Ladies' and Gents' toilet facilities in their Wheeler suite, Plumblin Plumbing, their trusted Installations Partner came to Cubicle Centre to deliver a crisp new look for their panels.

Agreeing on a Black and White colour scheme to reflect the club's colours, this bold monochrome scheme works really well to give a clean and professional look.

Choosing panels from the Malvern Plus range, these MFC panels offer an effective solution where both style and cost is a factor.

Matching black panels finished off the look on the fronts of the vanity units, cubicle wall panels and behind urinals.

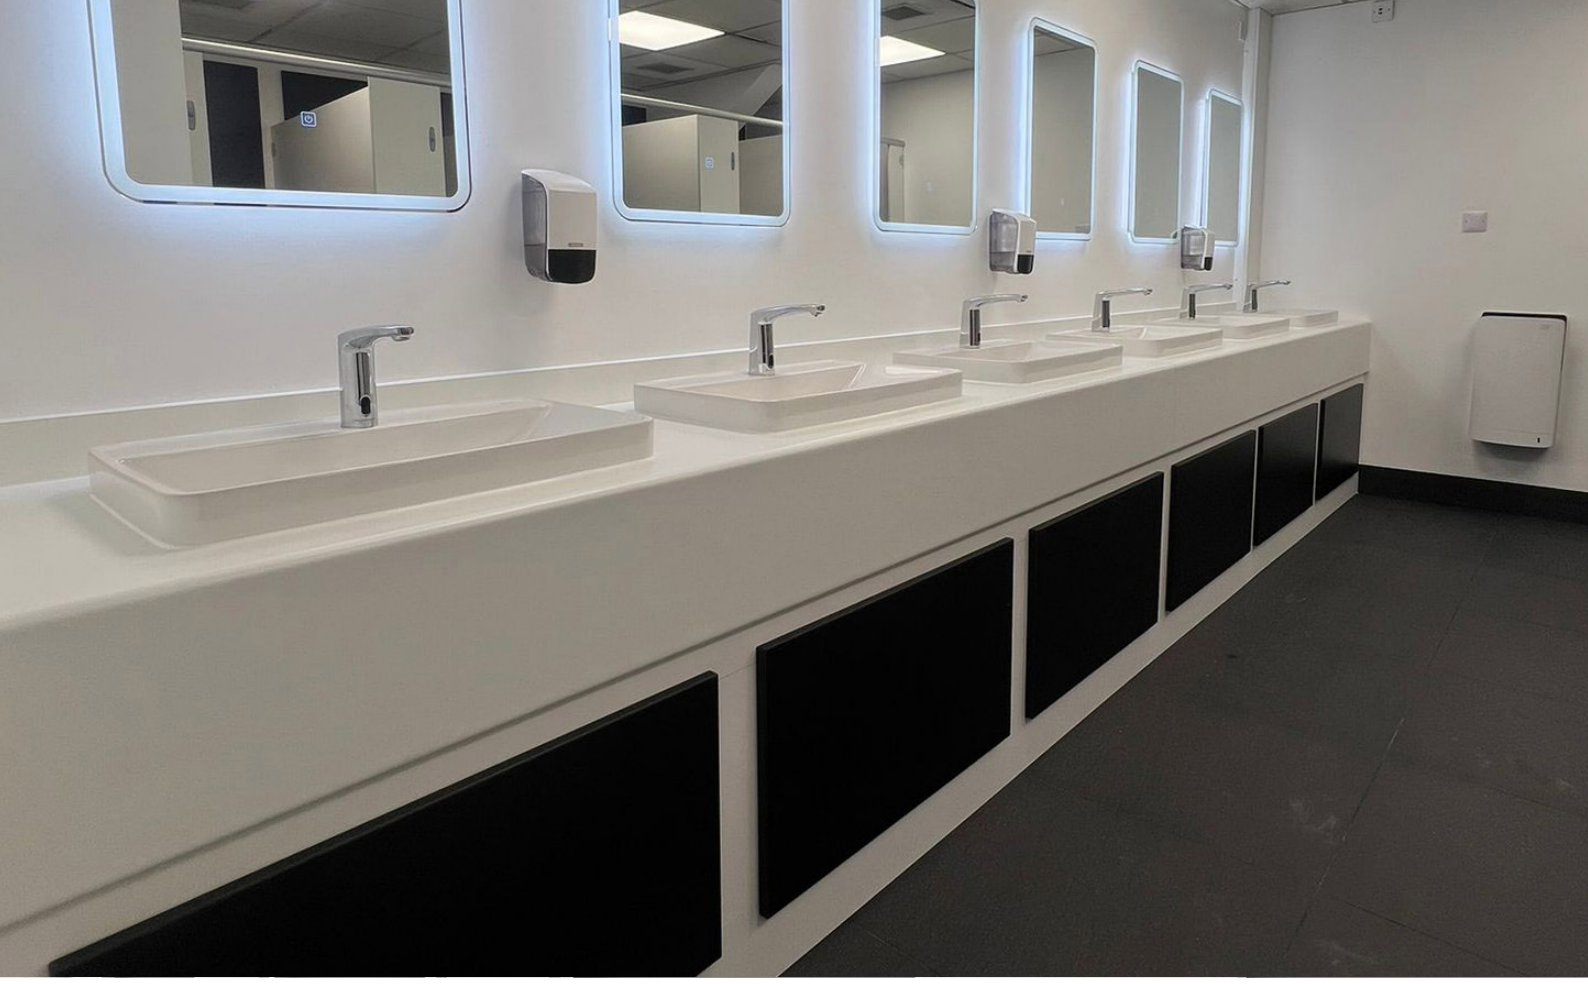

Cubicle Centre is a leading manufacturer of washroom panel products in the UK. An extensive range of toilet cubicles and washroom systems are available on a manufacture and supply basis - all designed to allow for simple installation by a competent tradesperson.

After several good experiences of using The Cubicle Centre, I had no hesitation to send them the enquiry for this project. Notts County FC are a Partner of Plumblin plumbing and heating and we needed to have confidence in the product and supply time
