## THE COLLECTIONS

Our diverse range of products offers versatile design solutions for any bathroom using high gloss acrylics, refined textures or sleek laminates.

13

### MARBLE COLLECTION

Our range of rich marbles are the perfect choice for a blend of tradition, sophistication and charm. Striking veins with subtle background tones bring warmth and beauty allowing you to create walls with purpose.

*Nero | Bianco | Terra | Volterra*

23

### QUARRY COLLECTION

Bring a room to life with raw earthy tones and rustic designs from this collection of authentic decors. We've created a range with tactile finish characteristics which are perfect for complementing neutral colour schemes or creating striking walls.

*Slate | Stone | Concrete | Timber*

33

### MINERAL COLLECTION

From subtle shimmers to flickering quartz; this versatile collection complements both modern and traditional spaces. These stylish designs blend confidence with refinement to ensure that you have the right decor for your feature.

*Molten | Quartz | Shimmer | Varnish*

47

### ACRYLIC COLLECTION

Our acrylic range maximises colour with a sleek polished glass-like finish. It includes both Brights for making a bold statement and timeless pastels for a more delicate approach; you can be sure we have colour covered.

*Neutrals | Brights | Metallics*

55

### CUSTOM COLLECTION

A truly bespoke design solution. Choose from either our library of stunning designs or capture your own personal style by matching an existing theme in your home, feature your own artwork or highlight a memory with a favourite photograph; whatever it is, you are the designer.

*Patterns | Tiles | Images*

# A WATERPROOF PANELLING SYSTEM

The product at a glance.

## COST-EFFECTIVE

Compared to tiles, Showerwall is a fast and hassle-free installation which saves money on installation costs.

## CLEAN AND CARE

Showerswall has a solid, grout-free surface eliminating hiding places for mould, dirt or germs. A hygienic and wipe-clean solution.

## SEAMLESS FEATURE WALLS

Proclick technology has been engineered to create a mechanical locking system that provides seamless, almost invisible joints. The lightweight panels are available in a range of sizes for maximum flexibility.

## WATERPROOF SYSTEM

Showerswall is the ultimate in bathroom wall panelling. The system provides an impressive watertight finish that looks stunning and performs impeccably against the rigours of daily life.

## EASY INSTALLATION

Showerswall can be fitted by anyone who is DIY competent. Simply cut the Showerwall panels to size and fix them to the wall or over existing tiles. A lot less mess and a much faster fit than tiles.

## 15 YEAR GUARANTEE

When installed correctly using the recommended accessories and fitting guide, Showerwall is guaranteed against manufacturing defects for 15 years from purchase date. For further details, see inside back cover.

MANUFACTURED IN THE UK

## FINISHES

Our decors come in a range of different finishes; from glass-like acrylic to authentic textures. For easy distinction, the finish of our decors is marked throughout the brochure with the following icons:

### Gloss

A high shine finish creating a smooth, brilliant appearance

### Matte

A soft to touch flat surface with low light reflectivity

### Texture

A structured surface that emulates the feel of organic materials

### Synchro

A unique textured finish that follows the form of real material

## PATTERN MATCH

As each decor is designed to replicate organic materials it is often not possible to achieve a repeat pattern between two panels, particularly for decors replicating marble or stone.

## SAMPLES

Whilst images and swatches give a good indication of a decor, nothing compares to seeing how the real thing will work in your space. Order your sample online at [www.showerwall.co.uk](http://www.showerwall.co.uk) or email [samples@showerwall.co.uk](mailto:samples@showerwall.co.uk)

## DISCLAIMER

Due to variations in the photographic and printing processes the colours shown may vary compared to the actual product. Natural stone decors by design will vary to replicate natural stone variances. Decors such as Luna and Cracked Grey may have shade variance between individual panels. This is normal for these particular decors and not grounds for complaint. All panels, irrelevant of decor type, must be inspected carefully before installation. Any concerns raised must be clarified prior to installation. It is recommended that actual product samples and or retailer displays are viewed prior to purchase. We reserve the right to amend the specification of the products shown without prior notice. E&OE.

# OUR NEW ACRYLIC RANGES

---

## Achieve stunning glass-like walls

4mm solid acrylic panels are rear printed to give a vibrant colour with a polished glass-like finish. Our custom collection uses the superior finish of acrylic to bring digital imagery to life; offering a truly bespoke design solution and the ultimate flexibility to create something unique.

# INTRODUCING ACRYLIC

## The product at a glance

### 100% WATERPROOF

Our acrylic panels are 100% waterproof and have been designed to ensure a watertight finish.

### CLEAN AND CARE

Showerwall acrylic is chemical resistant; the grout free surface reduces hiding places for dirt and germs.

### GLASS LIKE FINISH

Create the contemporary look of glass for a fraction of the cost with acrylic. Once the panels have been cut, the edges can be sanded and polished to give a full transparent appearance.

### EASY INSTALLATION

Showerwall acrylic is easy to handle, cut and install compared to large sheets of glass. There is also no need to worry about grout or accessories; panels are simply butted together using sealant.

### MATERIAL

The unique high tech polymer acrylic panels are more scratch resistant compared to other acrylics or glass, giving you peace of mind and longevity.

### 10 YEAR GUARANTEE

When installed correctly, using the recommended fittings, our acrylic panels are guaranteed against manufacturing defects for 10 years from installation date. For further details, see inside back cover.

## Useful details

### FINISHES

The finish of our Acrylic decors are marked throughout the brochure with the following icon:

**Acrylics**

Stunning glass-like walls

### SAMPLES

# NEXT STEPS

Three steps to create your waterproof Showerwall system.

## 1 Decor

Select a decor from our extensive range.

## 2 Panel Details

Select the size, edge finish and number of panels required.

## 3 Waterproof System

Select the coordinating trims, Sureseal and accessories required.

## 1 | DECOR

Select your decor from our five collections, you have over 60 to choose from.

Marble | Quarry | Mineral | Acrylic | Custom

## 2 | PANEL DETAILS

Use the table below to choose your panel size(s), depending on the space available and type of product.

### HPL

All decors from the Marble, Quarry and Mineral collections are manufactured from a moisture resistant MDF core and finished with a high pressure laminate (HPL), creating 10.5mm thick panels. These panels are available in 3 widths: 600mm, 900mm or 1200mm; and are 2440mm in height. Choose from square cut panels or take advantage of our Proclick technology which achieves seamless joints without the need for joining trims.

Panel Widths	600mm	900mm	1200mm	1220mm
Square Cut	⋮	⋮ ○	⋮ ○	⋮
Proclick*	⋮ ○	⋮	⋮ ○	⋮

\*Proclick panel widths quoted above are nominal, actual widths measure 579mm and 1179mm.

**Proclick technology** has been engineered to create a mechanical locking system that provides seamless, almost invisible joints.

Installation is made easy through the click design which allows panels to be located quickly and easily into place, eliminating the use of joining trims.

**Proclick technology**

Note: All panels are available with a plywood core on request, made to order. A minimum order quantity of 10 panels applies.

**ACRYLIC**

All decors from the Acrylic and Customs collections are manufactured from a 4mm thick acrylic sheet that is rear printed to create a polished glass-like finish. This material is 100% waterproof and therefore, it does not require any trims; panels are simply joined together using sealant.

These square cut panels are available in 2 widths: 900mm or 1200mm; and are 2440mm in height.

Panel Widths	600mm	900mm	1200mm	1200mm
Acrylic & Customs	⋮	⋮	○	⋮

**3 | WATERPROOF SYSTEM**

Our system comes with two key components which ensure a watertight seal for our HPL product; available in a range of colours to suit every decor. Easy to install and maintain.

**TRIMS**

In order to ensure a watertight finish, trims are required for the outer edges of the panels as well as both internal and external corners.

Five trims are available dependant on where you would like to fit our panels.  
Note: all trims measure 2450mm in length and should be sealed using Showerwall sealant.

**Internal corner**  
Used on all internal 90° corners.

**Joining trim**  
Used to mount panels side by side.

**External corner**  
Used on all external 90° corners.

**End trims and Quadrant trims**  
Finishing end trims for square cut edge panels.

Five available trim colours:

Bright Silver

Satin Silver

White Gloss

Black Silk

Antique Gold\*

\*Quadrant trims are not available in this colour

## SURESEAL

At the base of the Showerwall panel even greater sealing performance is achieved using Sureseal. Fit and forget using the only maintenance free shower seal on the market with no future resealing required. Sureseal's four point sealing system is quick and easy to install leaving the entire base of the panel encapsulated in sealant without any unsightly lines. Sureseal measures 2450mm long and is quick and easy to install.

**Seal one**  
Sealant between seal & tray.

**Seal two**  
Panel encapsulated in sealant.

**Seals three and four**  
Top & bottom seal.

**Sureseal in situ**  
A watertight professional finish.

Sureseal front capping is available in three colours:

Black

White

Satin Silver

Our **Acrylic** decors are 100% waterproof and require no trims or sureseal during installation. Simply adhere the panel to the wall and seal around the edges.

## SEALANT & ADHESIVE

We recommend Showerwall's own brand of adhesive and sealants are used for the effective fitting of the product. Sealant is available in both a clear and white finish.

Note: All dimensions quoted are nominal.

# SHOWERWALL KIT

A simple kit including everything you need to create a two-sided shower enclosure.

All of our accessories are available to purchase separately; however if your space is a corner enclosure, take advantage of this kit which has everything you need in one handy pack.

Please note: This kit does not include the shower panels themselves and is only suitable for HPL panels.

## INCLUDED IN THE SHOWERWALL KIT

Our two sided kit includes all the trims, fixing and cleaning items you need for your Showerwall system.

### TRIMMINGS

1x Internal corner trim  
2x End trim  
1x Sureseal trim in white  
2x Sureseal end caps in white  
1x Sureseal profiler tool

### FIXINGS

2x Silicone sealant in white (for Sureseal)  
2x Silicone sealant for finishing  
2x Adhesive  
1x Mitre box to assist cutting

### CLEANING

1x SuperClean cleaner  
3x Surface cleaning tissues  
1x Silicone remover

When ordering one of our kits, you can still select any of our trims or sealant colours for finishing as outlined on the previous page. Please refer to the table below when ordering your kit and include the code which corresponds to your choice of colours.

Trim Colour	Clear Sealant Code	White Sealant Code
Satin Silver	KIT SSC	KIT SSW
White Gloss	KIT WGC	KIT GWG
Bright Silver	KIT BSC	KIT BSW
Black Silk	KIT BLC	KIT BLW

## DECOR FINISHES

Showerwall panels come in one of five finishes;

### Gloss

A high shine finish creating a smooth, brilliant appearance

### Matte

A soft touch flat surface with low light reflectivity

### Synchro

A unique textured finish that follows the form of real material

### Texture

A structured surface that emulates the feel of organic materials

### Acrylic

Achieve stunning gloss like walls with acrylic panels

## INSTALLATION

Fitting our shower panels is easy and can be completed by anyone who is competent at DIY. Full installation instructions are provided with every pack and we highly recommend the Showerwall installation video accessible via YouTube and [www.showerwall.co.uk](http://www.showerwall.co.uk)

Failure to comply with the Showerwall installation instructions, including the recommended use of Showerwall sealant and adhesive, will invalidate your guarantee.

## CARE AND MAINTENANCE

Showerwall is more hygienic and easier to maintain than tiles. The non-porous surface provides excellent protection against bacteria, especially in the areas between tiles that are traditionally grouted. SuperClean anti-bacterial cleaner kills germs and keeps hard surfaces clean without scratching and is recommended for the optimum life and performance of the panel.

Abrasive cleaners and bleaches must not be used on Showerwall panelling. Sealant needs to be replaced at regular intervals. Failure to do this may cause water ingress and subsequent panel damage.

## GUARANTEE

When installed correctly using the recommended fitting guide and accessories, Showerwall is guaranteed to be free from defects for 15 years (HPL), and 10 years (Acrylic), from the date of purchase. A copy of the Showerwall guarantees are available to download from [www.showerwall.co.uk](http://www.showerwall.co.uk)

Note your Showerwall panels carry a 10 or 15 year guarantee that is limited to domestic use against manufacturing defects, only when registered using the owner registration document contained within the product packaging. If the purchase of your panels is not registered within 28 days of the installation being completed then the guarantee is reduced to a 5 year term (HPL) or 2 year term (Acrylic).

### Waterproof Panelling System

Any reference to Showerwall waterproof panelling system refers to all elements of the Showerwall system being fitted together. Showerwall HPL panels must be fitted in accordance with the fitting instructions and **must** use Showerwall trims, sealant and adhesives to ensure the system is both waterproof and guaranteed.

### European Standard Fire Rated

All Showerwall panels are classified EN 13501.

In addition, selected decors are British Standard Fire Rated Class 2-BS 476 : Part 7 : 1997

# A smart waterproof system

combined with the character  
of organic materials; built to  
last and easy to install.

## ENVIRONMENTAL RESPONSIBILITY

All Showerwall HPL panels are manufactured using an FSC® certified MR MDF core, guaranteeing that the timber used is harvested from responsibly managed forests. By purchasing a product with such certification, you are supporting sustainable forest management worldwide.

We are fully committed to going beyond existing regulations, to minimise any impact on our environment, protect people's health and safety, and make labour relations and social issues an integral part of everything we do.

The mark of  
responsible forestry

Packaging is made from  
100% recycled material

Responsible Sourced

**Naturally inspired  
surfaces**
