

Case Study

Location	Exelby Services Truck Stop
Cubicle System	Cairngorm
Manufacturer	Cubicle Centre
Website	www.washroomcubicles.co.uk

When Uimate Concept Flooring Limited won the contract to refurbish the shower and toilet facilities at Exelby Services Truck Stop at Whitwood Castleford, they had no hesitation in coming to Cubicle Centre for the manufacture and supply of toilet and shower cubicle panels.

The refurbishment saw both the toilets and shower facilities being fitted out with our Cairngorm range of cubicles in a colour scheme of a classic neutral grey (Gris Cendre) for the pilasters and side panels and Chene D'Argent wood grain finish for the cubicle doors and duct panels .

The new clean lines and updated aesthetic of the facilities was complemented with matching Compact Grade Laminate panels underneath the CGL Washbasin vanity units.

Compact Grade Laminate is a water resistant panel substrate, making it ideal for wetrooms with a high volume of traffic. The previous panels had seen a lot of use and were showing signs of the material being 'blown', so the upgrade to CGL makes a significant improvement.

Cubicle Centre is a leading manufacturer of washroom panel products in the UK.

An extensive range of toilet cubicles and washroom systems are available on a manufacture and supply basis - all designed to allow for simple installation by any competent tradesperson.

“

We've been hugely impressed with the service and quality of the installation provided by Cubicle Centre and Ultimate Concept Flooring. They understood our requirements and achieved everything we set out to do to create a durable yet modern looking shower block facility at our truck-stop service area in Castleford. We wouldn't hesitate to use them again.
